Cash with Order, \$3.20.

SENT ON 10 DAYS' TRIAL, \$4.

This mill is tinned and has a Ball Bearing. Grinds dry, wet or oily substances. Weight ten pounds, capacity five lbs. Peanut Butter per hour. This is not a cheap meat mill which will not grind fine, but a thoroughly practical grinding mill constructed on the same principles as our large mills, which have been used so successfully throughout the world for nearly a generation. It is a general grinding mill for family use, and is sold at a price within the reach of every family. The importance of pure food cannot be overestimated. The surest way to get it is to do your own grinding, thus having the article freshly ground as you use it, and avoiding the danger of injurious adulterations. This mill is adapted to grinding or pulverizing any of the following articles: Coffee, peanuts or nuts of any kind, all wet or oily substances, corn meal, cracker dust, bread crumbs, cracked wheat and oats, horseradish, raw and cooked meats, spices, herbs and roots; vanilla beans and pods when mixed with sugar and ground together for flavoring; raisins, with or without seeds for marmalade, cocoanuts, etc. Peanut Butter is said to be superior to cod liver oil for consumptives.

The Ensign Remedies

are composed of twenty-nine tissue salts. Tissue salts are the inorganic elements of the body, and always found in exact proportions in every healthy tissue. Without them albumen, fats, etc., cannot take even shape or form. Through them only can be transmitted waves and vibrations of energy, and upon them depend every manifestation of physical life. Every solid contains them, every fluid carries and transmits them. There is no life without them.

If, through our habits and practices, the proportion of salts is disturbed, abnormal action at once follows. That is disease. It may be so slight as to cause little inconvenience or so extensive as to threaten life itself. There is never a lack of these elements in the water you drink, the air you breathe and the food you eat. The lack arises through a functional inability to prepare some one, or more, of these substances for assimilation, so that they can be taken up and used. Technically this is a lack of molecular reduction.

We have discovered a method, through a study of Nature's methods, by which we can produce or effect molecular reduction outside of the body and furnish these salts in form for immediate assimilation. This enables nature to appropriate needed supplies, thereby establishing normal states and functional power. This is health.

We furnish these salts in vials containing about sixty doses each, at the following rates:

Human Nature.

It is a monthly magazine, now in the fifteenth year of publication. It is Unique, Eclectic and Scientific. It treats of Phrenology, Physiognomy, Psychology, Health, Sociology, and all subjects which pertain to the welfare of humanity.

The character of men and animals is in accordance with their physical organization. This is determined by size of body and brain, shape of head, texture, temperament, and facial expression.

HUMAN NATURE illustrates these principles by picture and pen, and teaches its readers how to read character. Its ethics are ennobling, its style, while strong, is sprightly, and its literary standard high. You need HUMAN NATURE.

Every solid contains them, every fluid carries and transmits them. There is no life without them.

If, through our habits and practices, the proportion of salts is disturbed, abnormal action at once follows. That is disease. It may be so slight as to cause little inconvenience or so extensive as to threaten life itself. There is never a lack of these elements in the water you drink, the air you breathe and the food you eat. The lack arises through a functional inability to prepare some one, or more, of these substances for assimilation, so that they can be taken up and used. Technically this is a lack of molecular reduction.

We have discovered a method, through a study of Nature's methods, by which we can produce or effect molecular reduction outside of the body and furnish these salts in form for immediate assimilation. This enables nature to appropriate needed supplies, thereby establishing normal states and functional power. This is health.

We furnish these salts in vials containing about sixty doses each, at the following rates:

AGE

YOU NEED NOT GROW OLD

THE SECRET OF PROLONGING LIFE AND
REGAINING YOUTH CAN BE YOURS

The signs of approaching "Old Age" can be removed and the body made erect, strong, supple, healthy and beautiful—a veritable spring of youth and strength.

Would you like to experience every hour of the day that ecstasy which comes only from perfect health? Do you desire to possess all the physical, emotional and mental powers of superb manhood or womanhood? Would you gain or regain the suppleness, vim, vigor, force, energy and enthusiasm of youth combined with the mental perfection of maturity? In other words would you exchange your present physical body with its imperfections and limited possibilities of enjoyment for a body perfect in every part, tuned to respond to every vibration of pleasure and capable of retaining its perfections beyond the term of a century? Then possess this secret and you can renew all the forces you have exhausted and cause every cell and nerve of your being to vibrate with an ecstasy of pleasure surpassing anything you have ever experienced.

If a younger appearance, a more perfectly developed healthy body or a longer life would aid you in attaining your heart's desire or in making a success of your ambitions, this secret is exactly what you need to know.

If you will write us today, stating your present age and giving us your full name and address, we will send you valuable information by return mail.

Question by V. R., Boston, Mass. What is the difference between the East Indian bhang, the Jewish haoma and your "Spirituality," or inspiration?

Answer. The Indian bhang is the official preparation of the Apocynum Cannabinum, which belongs to the Indian Hemp family, called Cannabis Indica. Its juice has a fragrant odor, a warm, bitterish and acrid taste, and has a peculiarly intoxicating influence on the nervous system, for which reason it is used by occult students of the Orient, simply because it stimulates the brain to intense action, until this action seems like inspiration.

Haoma is the juice from the Homa plant, formerly used by officiating ministers, by Bible writers, by inspired prophets, etc. See Haug's Essays, page 229, and 2 Esdras, 14: 38 to 44.

Spirituality is that faculty that renders a person susceptible to impressions of all kinds; it is the mind student. The bhang of the occult Indian student, the Haoma of the inspired prophet of Persia, Assyria, Babylonia, Palestine and the primitive Aryans and the hashish known to the medical profession of to-day is the same thing, serving only to stimulate the brain and the nerves to greater action. Inspiration is a result of Spirituality, being nothing else than high and noble impressions.

"ART OF LIVING LONG."

By Louis Cornaro.

Louis Cornaro, who fathomed the secret of longevity more effectively, probably, than any other person, is a character unique in history. Though possessed of a delicate constitution from birth, his life despaired of by his physicians at forty, he lived to fully set forth, at the ages of eighty-three, eighty-six, ninety-one and ninety-five, the methods whereby he secured that complete mental and bodily power which was always at his command until his death at one hundred and three,—the first to reduce the science of simple living to a system.

Chauncey M. Depew.

The papers are filled with discoveries made by distinguished scientists in the art of living long and healthily; but none of them has yet developed a secret so plain and simple as that of Cornaro.

Elbert Hubbard.

There is a vast deal of good, sturdy, common sense in your book, which should belong to every living man and woman.

Cardinal Gibbons.

"The Art of Living Long" meets my hearty commendation. Anyone who will read it and put in practice the excellent counsels it contains, is sure to enjoy good health, good spirits, and will seldom trouble a doctor.

A PRACTICAL COURSE IN SELF DIAGNOSIS AND SELF-HEALING BY MEANS OF

(By H. E. LANE, M. D.)

"THE DIAGNOSIS FROM THE EYE" is a most remarkable book, the result of years of careful observation and research. It deals with one of the most important and far reaching discoveries in the science of healing; with the fact, that the iris of the eye is a mirror of mind and body and discloses the inner condition of man.

It gives absolute proof that the condition of every part and organ of the body is reflected in corresponding parts of the iris of the eye, that every constitutional and congenital taint and lesion, every artificially cured (suppressed) disease, every poisonous drug, every acute or chronic inflammation, every loss of substance, shows itself by unmistakable signs, which enable every one to make a reliable diagnosis of his physical condition after a careful study of the book.

The work is written in plain and popular language and profusely illustrated; it fully confirms the teachings of "Nature Cure," giving practical advice for the treatment of the most frequent diseases, accidents, injuries, blood poisonings, etc.; it is a true and precious counsel, which should have a place in every home.

The book is the work of a most intelligent mind, one intent on the acquisition of truth and untiring in its search therefor. It is a wonderfully interesting piece of writing, put into a shape admirably adapted to making the subject clear to all who read."—BOSTON IDEAS.

THE ENK PREPARATION ARE NOT DRUGS

THEY ARE CONCENTRATED TISSUE FOODS
Every eminent authority declares that the cellular composition of the different organs and portions of the body varies according to the variety of their functions, and the cause of the condition we call disease is the lack of one or more of these constituent elements. The ENK PREPARATIONS are pure tissue foods and are effective to diseases in a manner that is quite a revelation to those who, for the first time, observe their prompt and efficient effect in chronic and stubborn cases.

COME TAKE YOUR -ILL OF TRUTH,

love, health, God's greatest gifts in nature; for lacking these though full of wealth, man is but a caricature. The extreme importance of the vitalized biochemic cell salts cannot be over-estimated by anyone desiring to retain or gain vigorous health and superb vitality. The tissue salts as found in the human body are 12 in number and not 37 for 37 different diseases, for there is but one disease, Malnutrition, caused indirectly by wrong habits of living but directly by impure blood and low vitality. Therefore, for you to adopt right habits of life is good but not sufficiently potent when ailing for some time as many have found and as there is but one disease (though many symptoms) there can be but one remedy, i.e. purify and enrich the blood and build up the vital forces. Hygienic habits are of but negative value, compared with the positive necessity of vitalized biochemic earth salts such as the phosphates and sulphates of magnesia, sulphur, iron, phosphorus, sodium and silica. These cell salts as prepared by me are neither drugs nor medicines, but those organic vital food elements mostly lacking or indigestible in the average diet, and of equal or more importance than food itself. Such symptoms as Stomach, Liver and Kidney Troubles, Rheumatism, Nervousness, Chronic Headache will vanish like the morning dew before the rising sun. I will send one full month's supply of these vitalizing biochemic cell salts on request for \$2.00 or three months' for \$5.00. Attend now and address

"THE DIAGNOSIS FROM THE EYE" is a most remarkable book, the result of years of careful observation and research. It deals with one of the most important and far reaching discoveries in the science of healing; with the fact, that the iris of the eye is a mirror of mind and body and discloses the inner condition of man.

It gives absolute proof that the condition of every part and organ of the body is reflected in corresponding parts of the iris of the eye, that every constitutional and congenital taint and lesion, every artificially cured (suppressed) disease, every poisonous drug, every acute or chronic inflammation, every loss of substance, shows itself by unmistakable signs, which enable every one to make a reliable diagnosis of his physical condition after a careful study of the book.

The work is written in plain and popular language and profusely illustrated; it fully confirms the teachings of "Nature Cure," giving practical advice for the treatment of the most frequent diseases, accidents, injuries, blood poisonings, etc.; it is a true and precious counsel, which should have a place in every home.

"The book is the work of a most intelligent mind, one intent on the acquisition of truth and untiring in its search therefor. It is a wonderfully interesting piece of writing, put into a shape admirably adapted to making the subject clear to all who read."—BOSTON IDEAS.

COME TAKE YOUR FILL OF TRUTH,
love, health, God's greatest gifts in nature; for lack-
ing these though full of wealth, man's but a caricature.
The extreme importance of the vitalized
biohermic cell salts cannot be over-estimated by
anyone desiring to retain or gain vigorous health
and superb vitality. The tissue salts as found in the
human body are 12 in number and not 57 for 57 dif-
ferent diseases, for there is but **one** disease. Mal-
nutrition, caused indirectly by wrong habits of living
but directly by impure blood and low vitality. There-
fore, for you to adopt right habits of life is good but
not sufficiently potent when ailing for some time as
many have found and as there is but **one** disease
(though many symptoms) there can be but **one** remedy.
To purify and enrich the blood and build up
the vital force, hygienic habits are of but negative
value, compared with the positive necessity of vital-
ized biohermic earth salts such as the phosphates
and sulphates of magnesia, sulphur, iron, phosphorus,
sodium and silica. These cellsalts as prepared by me
are neither drugs nor medicines, but those organic
vital food elements mostly lacking or indigestible in
the average diet, and of equal or more importance
than food itself. Such symptoms as Stomach, Liver
and Kidney Troubles, Rheumatism, Nervousness,
Chronic Headache will vanish like the morning dew
before the rising sun. I will send one full month's
supply of these vitalizing biohermic cellsalts on re-
quest for \$2.00 or three months' for \$5.00. Attend

**200 EGGS A
YEAR PER HEN**

HOW TO GET THEM

The fourth edition of the book, "200 Eggs a Year Per Hen," is now ready. Revised, enlarged, and in part rewritten. 96 pages. Contains among other things the method of feeding by which Mr. S. D. Fox, of Wolfboro, N. H., won the prize of \$100 in gold offered by the manufacturers of a well-known condition powder for the best egg record during the winter months. Simple as a, b, c—and yet we guarantee it to start hens to laying earlier and induce them to lay more eggs than any other method under the sun. The book also contains recipe for egg food and tonic used by Mr. Fox, which brought him in one winter day 68 eggs from 72 hens; and for five days in succession from the same flock 64 eggs a day. Mr. E. F. Chamberlain of Wolfboro, N. H., says: "By following the methods outlined in your book I obtained 1,496 eggs from R. I. Reds in the month of January, 1902." From 14 pullets picked at random out of a farmer's flock the author got 2,999 eggs in one year—an average of over 214 eggs apiece. It has been my ambition in writing "200 Eggs a Year Per Hen" to make it the standard book on egg production and profits in poultry. Tells all there is to know, and tells it in a plain, commonsense way.

Something New Under the Sun—The World Do Move.

A Perfect Clean and Natural Shape Without a Razor.

The Angelus Hair Remover is a local application, which removes the hair from the face of mankind, as the tropical sun would icicles, yet without the slightest injury to the skin, and which discovery fills a long felt want and is the result of a lifetime scientific research and experiment, by the great French savant Prof. Jean Roget Gauthier of Paris. For not until now has there been a preparation which successfully removes the coarsest hair from the tenderest skin, without any injurious effect. Thus the Angelus Hair Remover marks a new era in the 20th century, for the man who appreciates a means whereby he is enabled to save valuable time, trouble, annoyance and useless expense, as it sounds the doom of the razor, and which will shortly become as obsolete in the annals of hygiene as the battle-axe is to modern warfare, and like the latter, will soon be a relic of the dark ages. The Angelus should be in the hands of every progressive man, whose time to shave himself is limited, including all those who are tired of being next to have their face marred, mauled and mutilated, to say nothing of the constant danger of contracting infectious disease, as barbers' itch, ringworm or worse. Therefore, the Angelus is absolutely indispensable to everyone who values a daily clean shave, which takes but two minutes and costs just 2 cents, and for the purpose of quickly introducing same to every shaver on earth, we grant an allowance of 33% on the first package for trial and advertising purposes, thus giving you a full \$3.00 package, enough for 150 shaves, for \$2.00. Ladies troubled with superfluous hair, will find the Angelus an ideal remedy, and as superior to all depilatories now on the market, as the electric light is to the candle, and far more reliable and convenient than the torture inflicting electric needle. A word to the wise is sufficient; nuff ced. Address Lady Manager in full confidence. Agents, male and female, desiring to earn from \$25 to \$50 per week selling the Angelus, should have personally used at least one package, so as to make them enthusiastic and successful agents. Something New Under the Sun—The World Do Move. A Perfect, Clean and Natural Shave Without a Razor.

The Angelus Hair Remover is a local application, which removes the hair from the face of mankind, as the tropical sun would icicles, yet without the slightest injury to the skin, and which discovery fills a long felt want and is the result of a lifetime scientific research and experiment, by the great French savant Prof. Jean Roget Gauthier of Paris. For not until now has there been a preparation which successfully removes the coarsest hair from the tenderest skin, without any injurious effect. Thus the Angelus Hair Remover marks a new era in the 20th century, for the man who appreciates a means whereby he is enabled to save valuable time, trouble, annoyance and useless expense, as it sounds the doom of the razor, and which will shortly become as obsolete in the annals of hygiene as the battle-axe is to modern warfare, and like the latter, will soon be a relic of the dark ages. The Angelus should be in the hands of every progressive man, whose time to shave himself is limited, including all those who are tired of being next to have their face marred, mauled and mutilated, to say nothing of the constant danger of contracting infectious disease, as barbers' itch, ringworm or worse. Therefore, the Angelus is absolutely indispensable to everyone who values a daily clean shave, which takes but two minutes and costs just 2 cents, and for the purpose of quickly introducing same to every shaver on earth, we grant an allowance of 33% on the first package for trial and advertising purposes, thus giving you a full \$3.00 package, enough for 150 shaves, for \$2.00. Ladies troubled with superfluous hair, will find the Angelus an ideal remedy, and as superior to all depilatories now on the market, as the electric light is to the candle, and far more reliable and convenient than the torture inflicting electric needle. A word to the wise is sufficient; nuff ced. Address Lady Manager in full confidence. Agents, male and female, desiring to earn from \$25 to \$50 per week selling the Angelus, should have personally used at least one package, so as to make them enthusiastic and successful agents. will smile and say thank-you when you show it "Return to Nature" And you'll live longer and fuller and better than you ever imagined. GOLDEN POWER.

POWER is life's greatest boon. It means—the best of yourself, your career and your world. If you possess it, we congratulate you, and suggest an increase. Why not? Perhaps you are within a step of larger success. Or, you may suppose yourself deficient in power. You are probably wrong, but the thought is a sure handicap. The POWER-BOOK LIBRARY often finds gold imagined to be copper, and reveals mines undreamed of, and tells how to work them. The books last, too, and the working goes right on—always developing *Golden Power*.

A United States Commissioner, our first cash purchaser, ordered "POWER FOR SUCCESS" before it came from the press, nearly three years ago. "He now writes:

"You will remember that I want all your books. The more I work with 'Power for Success' the more good I get from it."

Doesn't that look like recognition of the Library's claim that it deals in real power—*Golden Power*?

Send stamp for literature descriptive of "Power of Will," "Power for Success," and "The Will in Salesmanship," highly commended practical companion-books for development of self and right handling of your powers in actual success-living.

We are not a correspondence school. We do not teach hypnotism. Let us open your eyes to new and honest things.

GOLDEN USE OF SELF.

Now, mere overcoming energy is not our goal. Success-Power is shown by the way in which you handle the self. Force heaves mountains—and builds the lilies. Of course you want force, and we instruct for the intense personality; but you really want force that is magnetic, together with precise knowledge of its right use for personal betterment. The Power-Books are built for exactly that double goal. And they succeed. They get right at the practical work of showing you just how to develop power—your personal power—and just how to use it both for development and for success. This it is that makes the power like gold: a value. And it is current the world over. We really ought to adopt a new title: The Golden Power-Book Library. Success depends almost wholly on the way in which you put your power into practice. There are right ways of being and of doing. Such right ways are pointed out in the Success-Books. "Has had more influence on my life than any other book," said one, Golden Power!

GOLDEN PERSONALITY.

NEARLY ALL the basic laws of development and success have long been known. We do not, therefore, exploit the so-called "New Thought," the essentials of which are about as old as light. Nevertheless, valuation of personality as such and for its own sake, and instruction in *Direct Personal Culture for Magnetic and Financial Success*, are late modern products. THE POWER BOOK LIBRARY stands for and secures, by demonstrated building methods, precisely that golden value. Light, old or new, is indispensable; and so is gold; but why be content with candle or crude ore when the light and the coin of practical power may be yours? The Success Books give you light in new forms; old gold worked into beautiful, yet down-on-the-ground utility. Then you are wanted, as gold is wanted. The Library offers you *Golden Personality*.

A stamp will bring you literature descriptive of "Power of Will," "Power for Success," and "The Will in Salesmanship," not a correspondence school, but books of practical value and commended by successful men and women. No hypnotism. Let us indicate honest things to the open mind.

GOLDEN TOOLS FOR ALL.

BOOKS are tools. The POWER-BOOKS are any set of tools you need for best-selling work—from blacksmith to goldsmith, from clerk to merchant; or, for artist, teacher, preacher, manager, physician—any class who serve for gold. We speak practically. The books make you over, on the law-lines of common sense and human science. "Your books are vital," said one. They will make you practical. Their methods are real tools for down-right growth and success.

If you use them right along, you will come surely to your Golden Power.

Golden Power costs more than iron force. It ought. Some of you have been buying "New-Thought" saw-dust. "POWER OF WILL" and "POWER FOR SUCCESS" are lifetime companion-books, and will prove the best life investment you could make for tools that never wear out and always increase in value. They are the Golden Tools.

We want to speak to open and sane minds. Let us do that by sending you, for a stamp, literature descriptive of "Power of Will," "Power for Success," and "The Will in Salesmanship" (not a correspondence school—and not hypnotism), books of scientific and practical worth, which are commended by sane business men.

Of Vital Interest

 To those Sick or Unhappy

Is this Statement:

"RETURN TO NATURE" Cures all Curable Diseases

—and most of the "Incurables."

I shall not attempt to prove this statement here. It's too big for this size space.

But I have the proof—proof of ten years and thousands of cures. Proof enough to satisfy the most incorrigible doubter.

No drugs—no absent treatments—no fake schemes. But the latest, largest, surest and best system of purely Natural Healing. Either self-treatment at home or expert treatment at our Naturopathic Sanitarium.

A single book, "Return to Nature," describes all the methods and record, convincing cures. Cures of Indigestion, Catarrh, Insomnia, Chronic Headaches, Paralysis, Rheumatism (Inflammatory), Neurasthenia, Cancer and Consumption, among others.

Book contains over 300 pages and costs \$2.00 cloth, \$1.00 paper covers; with a year's subscription, 50c additional. Synopsis for a stamp.

If you are honestly interested in Health, Success and Happiness, send 10c for recent copies of my magazine, "Naturopath." They will introduce you to Naturopathy, the Science of Human Regeneration.

EVERGREEN PHILOSOPHY FOR 1906

Many readers of Human Culture are already readers of that BRIGHT PACIFIC COAST PRODUCT,

SOUNDVIEW

but we'd like to have MORE. You can't afford to miss our SEX SYMPOSIUM, which is alone worth the price of the magazine. Some of the contributors to this series: Drs. Berrier, Greer, Rullison and Alice B. Stockham; J. William Lloyd, Wm. L. Garver, Nancy McKay Gordon, Harry Gaze, Edward Earle, Purinton, and dozens of others of the brightest minds in America today. This, to say nothing about the other stuff (and nonsense) makes "Soundview" one of the most advanced and vital publications in the field. Students of Phrenology are broad enough to enjoy such a broad-gauge periodical. The "Boss Evergreen" pushes a "purty" pleasin' pencil "itself," and the supernumeraries are sorter "striking."

Can't you come over for a year or so? *Very special:* "Soundview" one year and a copy of "Wildwood Philosophy" (a cloth-bound book), \$1.00.

We can supply a few complete sets containing previous articles of the Sex series at the regular rate of 10c per copy—the entire set \$1.00. But they will not last long, so order early if you want them. *Sex special:* Send us \$1.50 and we'll send you all the back numbers containing the "Sex Symposium" in addition to the 1906 issues.

If you're a "leetle suspicious" send us a dime for two numbers of "Soundview," "Soundview, Jr." and numerous "Specials." If you don't want to do either of these things, just go to—the news stands and pay 10 cents for a single copy.

LECITHIN!

**The Wonderful New Tissue
and Nerve Reconstructive.**

WHAT IT IS.

WHAT IT DOES.

IT IS THE MOST MARVELOUS TISSUE, NERVE AND MUSCLE BUILDER KNOWN TO MODERN SCIENCE. Heretofore its cost and difficulty of production has made it almost a prohibitive article, only obtainable by those who "had the price" and knew how and where to obtain it. Dr. A. Wilbur Jackson, in Physical Culture, November, 1903, says of this wonderful product:

"Lecithin administered to rats, rabbits and other animals caused them to grow in a manner almost marvelous. A Great Dane dog fed upon Lecithin grew to the proportions of a pony. Its value as one of the most important principles of the human economy was made known several years ago. Prof. Robin, a celebrated French scientist, of Paris, gave the results of his experiments to the world in 1894, mentioning Lecithin in its proper re-

lation to the brain and nerve tissues. After the return to this country of the writer, he continued the line of investigation commenced by Prof. Robin, and experimented with Lecithin extensively. There is no apparent reason why a man should die, excepting our ignorance concerning the reactions going on in his protoplasm. That the most important constituent of this protoplasm and nerve cells is the nitrogenous principle called 'Lecithin' is now a known certainty. To feed the body with Lecithin is to prolong life and sustain health.

FIVE GRAINS OF LECITHIN CONTAIN MORE NUTRITIVE QUALITIES THAN TWO DOZEN FRESH EGGS, OR A PECK OF UNCOOKED WHEAT! It is a boon beyond price to those trying to live physical culture lives, training the body for endurance and

strength, or requiring especial sustenance and vigor for the brain and nervous system. Remember! It is extracted from the yolks of fresh eggs, and is the only pure phosphorus principle of the blood, brain and nerve tissue that can be easily assimilated by the human digestive economy.

Dr. Jackson has consented to superintend the production and distribution of the preparation, and to reply to all queries concerning it. He is also president of the company organized to manufacture and supply it. A booklet fully describing Lecithin, its nature and uses, will be sent on application.

A supply of Lecithin in tablet form, convenient for immediate use, and sufficient for ten days' use, will be sent on receipt of one dollar. Any one wishing this trial supply or free booklet should address

THE AMERICAN LECITHIN CO., Dept. G, 63 Fifth Ave., New York

Those desiring special information or advice concerning its employment in brain and nervous disorders, or as an agent in assisting nutrition during a course of training, etc., should address, with stamp for reply, Dr. A. Wilbur Jackson, 144 West 23rd Street, New York.

An Agency That Recommends

Long distance telephone does wonders through the teachers agency. On March 7, 1906, Mr. McDonald of the Education department, who is also a member of the board of education at Massena, came in for a training class teacher. We called up Miss Jessie Mann of Jordan, got her acceptance of the place, and arranged for her to go to Massena with Mr. McDonald on the 6:15 train, all inside of half an hour. Three days later Principal Hughes of Gowanda called us up to ask for a teacher of mathematics. We told him John Ithaca was the man and would probably take it. Powell Clark of Ithaca was the man and would probably take it. We called up Mr. Clark, got his acceptance, called up Mr. Hughes, and were instructed to have him there on Monday morning. The superintendent of schools at West Springfield, Mass., came in for a teacher with only fifteen minutes to spare. We called up a teacher in Sayre, Pa., got her acceptance, and he caught his train. It takes system to do this sort of work with certainty, but when you have the system, you appreciate the

distance telephone does wonders through the teachers agency. On March 7, 1906, Mr. McDonald of the Education department, who is also a member of the board of education at Massena, came in for a training class teacher. We called up Miss Jessie Mann of Jordan, got her acceptance of the place, and arranged for her to go to Massena with Mr. McDonald on the 6:15 train, all inside of half an hour. Three days later Principal Hughes of Gowanda called us up to ask for a teacher of mathematics. We told him John Powell Clark of Ithaca was the man and would probably take it, called up Mr. Clark, got his acceptance, called up Mr. Hughes, and were instructed to have him there on Monday morning. The superintendent of schools at West Springfield, Mass., came in for a teacher with only fifteen minutes to spare. We called up a teacher in Sayre, Pa., got her acceptance, and he caught his train. EVERGREEN PHILOSOPHY FOR 1906

Many readers of Human Culture are already readers of that BRIGHT PACIFIC COAST PRODUCT.

SOUNDVIEW

but we'd like to have MORE. You can't afford to miss our **SEX SYMPOSIUM**, which is alone worth the price of the magazine. Some of the contributors to this series: Drs. Berrier, Greer, Rullison and Alice B. Stockham; J. William Lloyd, Wm. L. Garver, Nancy McKay Gordon, Harry Gaze, Edward Earle, Purinton and dozens of others of the brightest minds in America today. This, to say nothing about the other stuff (and nonsense) makes "Soundview" one of the most advanced and vital publications in the field. Students of Phrenology are broad enough to enjoy such a broad-gauge periodical. The "Boss Evergreen" pushes a "putty" pleasin' pencil "itself," and the supernumeraries are sorter "striking."

Can't you come over for a year or so? Very special: "Soundview" one year and a copy of "Wildwood Philosophy" (a cloth bound book), \$1.00.

We can supply a few complete sets containing previous articles of the Sex series at the regular rate of 10c per copy—the entire set \$1.00. But they will not last long, so order early if you want them. Sex special: Send us \$1.50 and we'll send you all the back numbers containing the "Sex Symposium" in addition to the 1906 issues.

If you're a "little suspicious" send us a dime for two numbers of "Soundview" "Soundview, Jr." and numerous "Spec'als." If you don't want to do either of these things, just go to—the news stands and pay 10 cents for a single copy.

EVERGREEN PHILOSOPHY FOR 1906

Many readers of Human Culture are already readers of that BRIGHT PACIFIC COAST PRODUCT,

SOUNDVIEW

but we'd like to have **MORE**. You can't afford to miss our **SEX SYMPOSIUM**, which is alone worth the price of the magazine. Some of the contributors to this series: Drs. Berrier, Greer, Rullison and Alice B. Stockham; J. William Lloyd, Wm. L. Garver, Nancy McKay Gordon, Harry Gaze, Edward Earle, Purinton and dozens of others of the brightest minds in America today. This, to say nothing about the other stuff (and nonsense) makes "Soundview" one of the most advanced and vital publications in the field. Students of Phrenology are broad enough to enjoy such a broad-gauge periodical. The "Bosom Evergreen" pushes a "putty" pleasin' pencil "itself" and the supernumeraries are sorter "striking."

Can't you come over for a year or so? Very special! "Soundview" one year and a copy of "Wildwood Philosophy" (a cloth bound book), \$1.00.

We can supply a few complete sets containing previous articles of the Sex series at the regular rate of 10c per copy—the entire set \$1.00. But they will not last long, so order early if you want them. Sex special: Send us \$1.50 and we'll send you all the back numbers containing the "Sex Symposium" in addition to the 1906 issues.

If you're a "leetle suspicious" send us a dime for two numbers of "Soundview" "Soundview, Jr." and numerous "Specials." If you don't want to do either of these things, just go to—the news stands and pay 10 cents for a single copy.

An Agency That Recommends

Long distance telephone does wonders through the teachers agency. On March 7, 1906, Mr. McDonald of the Education department, who is also a member of the board of education at Massena, came in for a training class teacher. We called up Miss Jessie Mann of Jordan, got her acceptance of the place, and arranged for her to go to Massena with Mr. McDonald on the 6:15 train, all inside of half an hour. Three days later Principal Hughes of Gowanda called us up to ask for a teacher of mathematics. We told him John Powell Clark of Massena would probably take it, called up Mr. Clark, got his acceptance, called up Mr. Hughes, and were instructed to have him there on Monday morning. The superintendent of schools at West Springfield, Mass., came in for a teacher with only fifteen minutes to spare. We called up a teacher in Sayre, Pa., got her acceptance, and he caught his train. It takes system to do this sort of work with certainty, but when you have the system, you appreciate the

HEALTH vs. LIFE INSURANCE

We can offer you a guaranteed dividend paying policy in a **Health Assurance Magazine**. We can give you a guarantee as good as a gold bond because you handle the dividend yourself. For one dollar (\$1.00) we will send you our magazine "The Naturopath and Herald of Health" for one year. This is what thousands of our subscribers call a

Health Assurance Policy

Because it always assures perfect and exhilarating health to each subscriber and their family. If any subscriber is in ill-health all they have to do is to state what the ailment is and we give them free advice in the "Naturopathic Adviser" columns of "The Naturopath and Herald of Health." This policy pays compound interest, and the premium is never increased with age, but the dividends and the interest increase. The dividends are paid by an improvement in the physical and mental conditions and besides an increase in the financial standing. Can you find a better investment for the small sum of one dollar (\$1.00)? To the readers of this magazine we will make a special offer: If you will send us twenty-five cents (25c) we will enter your name for a three months' subscription, and if at the end of that period you deem the magazine interesting please send an additional 75c for the balance of the year. EATING IS SO FOOLISH

I wonder people keep it up.

They pay the cook, the butcher and the delicatessenman for making them sick; they pay the druggist and doctor for making them think they're getting well; they pay the great specialist for making them know they can't get well; then they come to us Naturopaths who alone could have cured them, all they have left is penitence, poverty and pessimism. Nice for us. Beautiful specimens of patch-work we get to devise a whole human out of. I'm not grumbling—only ruminating because **Naturopathy can cure anything**; and the harder the case the greater the triumph.

But I'm getting off my text.

I started to tell you about the Science and Art of Fasting.

Fasting doesn't mean sackcloth and ashes. It doesn't mean even solemnity. It certainly doesn't mean the gruesome looking skeletons you may have noticed in books on the subject. Shucks, you want to get like that? Fasting is fun—a lot more fun than eating. If you do it because you should, you want to and you know how. Fasting is the **quickest, surest, cheapest, easiest, best way to health, power, wisdom, beauty, courage, poise, opulence, happiness.** If you read the one book in the world that explains the why and how of Fasting, in its mental, physic and spiritual aspect.

"The Philosophy of Fasting" by Edward Earle Purinton is absolutely unique in advanced thought literature. It records results, lessons, benefits and warnings from his 30 Day Fast taken some time ago and so widely noted by the press of the country. It supplies healing for mind, body and soul **all together.** It gives a complete set of Twenty Rules for **sane Fasting**—something unheard of before. It proves, it improves, it satisfies. Believe me until you know for yourself,

130 large pages, elegant binding, author's autograph and likeness. \$1.00 the price. A dime is still less—for that I'll mail you circular of the book, together with my magazine "Naturopath" for three months. No fads—just straight common sense, helping you to help yourself. Here's my hand and my heart.

BENEDICT LUST,

Bible Review

The name suggests orthodoxy, but do not let that mislead you. This magazine supports no narrow creed; condemns none, yet harmonizes all. It proclaims Freedom for the soul, here and now.

It opens the Understanding to the mysteries of the ages.

It embodies all that is contained in Mysticism, Christian Science, Metaphysics, Mental Science, New Thought—and more, for it goes straight to the heart of Truth.

Its Practical Instructions give capacity of mind and unfoldment of soul.

Its object is that supreme ultimate heralded by the Christ—the Blessed Door of the Ordred Melchisedek, which is the union of the individual soul with the Universal Soul, and the establishment of God's Kingdom on Earth.

DEAFNESS CURED

BY THE SIMPLEST METHOD
YET DISCOVERED

Ninety-five per cent of all cases of deafness brought to our attention is the result of chronic catarrh of the throat and middle ear. The air passages become clogged by catarrhal deposits, stopping the action of the vibratory bones.

Until these deposits are removed a cure is impossible. The inner ear cannot be reached by probing or spraying, hence the inability of specialists in most cases to cure. Ear Drums never cure deafness. That there is a scientific cure for deafness and catarrh is demonstrated every day by the use of Actina. The vapor current generated in the Actina passes through the Eustachian tubes into the middle ear, removing the catarrhal obstructions as it passes through the tubes, and loosens up the bones (hammer, anvil and stirrup) in the inner ear, making them respond to the slightest vibration of sound. Actina is very successful in curing ringing noises in the head. We have known people troubled with this distressing symptom for years to be cured in a few weeks' use of Actina. Actina also cures hay fever, asthma, bronchitis, sore throat, weak lungs, colds and headache, all of which are directly or indirectly due to catarrh. Actina is sent on trial post-paid. Write us about your case. We give advice free, and positive proof of cures. A valuable book—Professor Wilson's 100 page Treatise on Disease, Free. THE WASHERWOMAN'S SONG.

In a very humble cot,
In a rather quiet spot,
In the suds and in the soap,
Worked a woman full of hope;
Working, singing, all alone,
In a sort of undertone:
"With the Savior for a friend,
He will keep me to the end."

Not in sorrow nor in glee,
Working all day long was she,
As her children, three or four,
Played around her on the floor;
But in monotonous the song
She was humming all day long:
"With the Savior for a friend,
He will keep me to the end."

It's a song I do not sing,
For I scarce believe a thing
Of the stories that are told
Of the miracles of old;
But I know that her belief
Is the anodyne of grief,
And will always be a friend
That will keep her to the end.

Just a trifle lonesome she,
Just as poor as poor could be;
But her spirits always rose,
Like the bubbles in the clothes,
And, though widowed and alone,
Cheered her with the monotone
Of a Savior for a friend
Who would keep her to the end.

I have seen her rub and scrub
On the washboard in the tub,
While the baby, sopped in suds,
Rolled and tumbled in the duds;
Or was paddling in the pools,
With old scissors stuck in spools;
She still humming of her Friend
Who would keep her to the end.

Human hopes and human creeds
Have their root in human needs,
And I should not wish to strip
From that washerwoman's lip
Any song that she can sing,
Any hope that song can bring;
For the woman has a Friend
Who will keep her to the end.
